

LIQUIPETTE®

Plastic Transfer Pipettes

Manufactured from virgin LDPE, free from phthalate and silicone

Our Liquipette® plastic disposable Pasteur pipettes have a well-earned reputation for quality and reliability.

Non-sterile versions P511, P503, P406 and P509 are supplied in cartons. The unique press-out section enables easy access and keeps the contents dust and particle free when not in use.

Available in 14 styles and 25 packaging options including fine points, long-lengths, small bulbs, and special styles for use with diagnostic kits.

- Economical and safe alternative to glass Pasteur pipettes
- Suitable for contact with foodstuffs
- Manufactured in facilities operating to ISO 9001-2015 and ISO 13485 standards
- Sterile and non-sterile versions, in a variety of packaging options

A CALIBRE SCIENTIFIC COMPANY
